

Bus gate 1 would be at a **single point** somewhere between A and B – in Hythe Bridge Street, Worcester Street or Beaumont Street

Bus gate 2 would be at a **single point** somewhere between C and D – in South Parks Road or St Cross Road

If taken forward, bus gate 3 would be at a **single point** somewhere between E and F – on Oxpens Road or Thames Street

## Notes

- The final locations will depend on design work to identify safe places for restricted traffic to turn
- We will ensure traffic cannot bypass the bus gates using minor roads nearby (e.g. Mansfield Road or Holywell Street)
- Feedback from residents and businesses will also be taken into account when considering the final locations.

Potential locations for Oxford city centre temporary bus gates
