OXFORDSHIRE COUNTY COUNCIL  
(GORING HEATH PARISH) (SPEED LIMITS) ORDER 20\*\*

## STATEMENT OF REASONS

Following road safety concerns raised by the Parish Council & local County Councillor, it is proposed to reduce the speed limits on the B4526 Reading Road and the B471 Goring/Whitchurch Road at the Crays Pond crossroads in Goring Heath. The proposals seek to introduce a 30mph speed limit at the junction, followed by 40mph 'buffer' limits to better manage the speeds of vehicles approaching the area.

The County Council continues its responsibility to consider the provision of convenient and safe movement of vehicles and other traffic, and the proposed measure is aimed at ensuring that danger is minimised whilst facilitating the effective passage of traffic.
