

Key themes

In support of the draft vision we have identified five proposed key themes. These are the specific areas we are seeking to transform through implementation of the vision. We have also identified the outcomes we hope to deliver for each key theme.

Environment

Outcome: Sustainable communities that are resilient to climate change, enhance the natural environment, improve biodiversity and are supported by our zero-carbon transport network.

Health

Outcome: Improved health and wellbeing and reduced health inequalities enabled through active and healthy lifestyle and inclusive, safe and resilient communities.

Place shaping

Outcome: Sustainable and resilient communities which provide healthy places for people and a high-quality environment capitalising upon the exceptional quality of life, vibrant economy and dynamic communities of our county.

Productivity

Outcome: A world leading business base that is sustainable, has created new jobs, products and careers for all communities and is supported by an effective, zero-carbon transport network.

Connectivity

Outcome: Communities are digitally connected, innovative technologies are supported and there is improved connectivity and mobility, across the county, enabling greater choice and seamless interchange between sustainable modes.

Proposed policy focus areas

In support of the key themes, we have identified the proposed policy focus we believe are required to achieve these outcomes. These are outlined below and include examples of what might be included under each area in the detailed LTCP.

Active and healthy travel

- Greenways
- Local Cycling and Walking Infrastructure Plans
- Interchange with Public Transport
- Strategic Active Travel Network
- Transport user hierarchy

Public transport

- Demand Responsive Transport
- Bus strategy
- Rail
- Park and Ride
- Mobility hubs

Air quality

- Green Infrastructure
- Clean Air / Zero Emission Zones
- Zero emission vehicles

Road safety

- Safety improvements
- Equestrians
- Motorcycles

Healthy place shaping

- Low Traffic Neighbourhoods
- School Streets
- Healthy Streets Approach
- Guidance and standards for new development

Innovation

- Living Lab
- Micromobility
- Shared mobility

Freight

- Road and rail freight
- E-cargo bikes
- Freight consolidation

Digital connectivity

- Gigabit expansion
- Home working

Regional connectivity

- Cross boundary transport network
- England's Economic Heartland / OxCam Arc

Local connectivity

- Transport corridors
- Rural transport
- Area transport strategies
- Connecting Oxford

Network and congestion management

- Network Management Policy
- Demand management
- Highways Asset Management Plan
- Parking management

Questions:

Do the key themes and policy focus areas identified reflect the wider priorities for Oxfordshire and the public and stakeholder engagement we have undertaken to date? If not, what is missing or needs changing?

One the key areas identified as needing careful consideration based on the engagement feedback is the future of Park and Ride? How do you think we should develop park and rides in order to support the vision and key themes?
