

Annex X – Services Affected Under Option 1

This Annex provides a table of all subsidised bus services which would stop receiving a subsidy under this option. It also shows which services are only partially subsidised, and which parts of the route the subsidy is provided for so that people can see exactly which part of their route is affected by the option.

If we withdraw all bus subsidies, it does not necessarily mean that all subsidised routes, stops or times will automatically cease being provided (although inevitably there will be an impact).

We will work with bus operators to encourage them to continue providing subsidised services on a purely commercial basis i.e. without receiving any public funding.

We will also work with the community transport sector in Oxfordshire to help them to meet gaps in the commercial transport network, including providing them with funding to get schemes going.

Column Definitions

The **Operator**, **Service Number**, and **Service Description** columns identify the service.

The **Subsidy Description** column explains which part of the service the subsidy supports, and hence which part is potentially at risk. Parts of the service that are not subsidised are operated commercially.

Operator	Service Number	Service Description	Subsidy Description
Stagecoach in Northants	8	Bicester - Silverstone	Oxfordshire part of the route only (shared with neighbouring council)
